

**Policy on management of the various types of degradable and non-degradable wastes:**

Kamarbandha College has well prepared management policy on various types of degradable and non-degradable-wastages.

The management policy on degradable wastes is as follows -

1. All degradable wastes like green wastes, food wastes, paper wastes shall be used for vermicomposting.
2. All degradable wastes shall be kept at dustbins to maintain cleanliness at the college.
3. Degradable wastages shall be used in the gardens for increasing fertility of the soil.

Policy of management on non-degradable wastages as follows---

1. All non-degradable wastes like plastics shall be kept in separate dustbin.
2. All non-degradable wastes shall be disposed by natural methods.
3. All non-degradable wastes shall be sold through various ways from time to time.
