The Report on Socio- Economic Survey at Adopted Village

Date: 30/09/2019

The Socio- Economic Survey was held by the Department of Economics, Kamarbandha College, on 30/09/2019. A group of 20 students visited the adopted village *Namchania* nearby the College. The faculty members of the Dept. were also accompanied them for their proper guidance. During the survey various issues related to the occupation, household types, medical facility, education, drinking water, sanitation system, usage of toilets, financial perspectives, composition of families, were reported by the surveyors. It was a great experience for them. Their main motto of the survey was to know the living condition and Socio- Economic status of the villagers.

In this process all the students were divided into four groups. They had a well prepared Questionnaire which reflects the socio & economic condition of the villagers. Then the students visited the households separately in groups and collected information from them as per the questionnaire. It can be aptly summarized that the villagers have grievances regarding the basic amenities whereas they are overall satisfied with their simple life style. The survey was completed that day with full satisfaction by the students.
